

Title page

- ▶ Names
- ▶ Student number
- ▶ Course
- ▶ Picture?

Summary

- ▶ What's our data
- ▶ What's our objective
- ▶ What methods did we use
- ▶ Findings

Introduction

- ▶ Snapshot of thhe data
- ▶ Objective; background on Whistler
- ▶ Overall approach
- ▶ Imputation

Methods

- ▶ Trend
- ▶ Seasonality
 - ▶ length of winter
 - ▶ severity of winter - peak snow, average snow, peak temp, average temp
 - ▶ dates - start date, peak date
- ▶ Odd Behavior
 - ▶ Snow that melts right away
 - ▶ Seasons that were below average

Results

- ▶ Table - when it starts, average snowfall
- ▶ 2009-2010 olympics # Correlation, etc

Conclusion

- ▶ Limitations; no forecast (ARIMA?)
- ▶ Challenges, missing data
- ▶ Other

General

- ▶ Total length ~ 10 pages
- ▶ Probably easiest for me to make skeleton of report and have you fill in sections
- ▶ Once report is done, you can make the slides
 - ▶ At most 10 slides (no more)
